

Company Name: Rikka Law PLLC

FEIN: 92-3617755

Founder: Charlyn Ho

DUNS Number: 129054769

Rikka Law is a technology transactions, data privacy and cybersecurity boutique law and consulting firm. We specialize in providing strategic and business-focused legal services, particularly in emerging technology areas such as AI, blockchain, and enterprise cloud.

Founded by Charlyn Ho, an experienced deal lawyer and former partner at Perkins Coie LLP and U.S. Navy veteran, the firm offers expertise in technology transactions, privacy, and cybersecurity. Rikka Law's approach combines deep industry knowledge with practical solutions tailored to clients' needs.

Positioned in the heart of Washington D.C., Rikka Law is your premier partner for legal consultation, embodying a tradition of excellence and a future of innovation. Our engagements are led by our CEO, Charlyn Ho, who is a graduate of top academic institutions including the Wharton School, Harvard Business School, and Georgetown University Law Center.

Rikka Law only staffs projects with talented and experienced lawyers, all with significant years of experience in Big Law and in-house technology companies. Rikka Law also supports by providing expert commercial contracting services and comprehensive counseling on data privacy and cybersecurity to mitigate risk and seize opportunities in today's digital landscape.

VISION

Rikka Law's Vision is to be the leading thought partner to our clients providing expert legal advice on the current and future state of technology, law, governance, and policy.

MISSION

Rikka Law's Mission is to build legal blueprints for forward-thinking technology companies; delivering strategies that propel their innovation, market growth, and use of technology within the safeguards of the law.

CORE COMPETENCIES

Tech Product Counseling
Data Privacy and Security
Technology Transactions
AI Advisory Services
M&A and Corporate transactions support

WHY CHOOSE US?

The Rikka Philosophy: Inspired by "Rikka" and "ikebana" (ancient art of Japanese flower arrangement), we leverage our mastery and skill to simplify complex legal concepts into strategic solutions that resolve roadblocks to protect and create lasting value for our clients.

Legal Architects: We meticulously design and execute practical legal strategies that amplify the success of organizational operations and objectives.

Military Efficiency: Founded by a US Navy veteran, our firm embodies military precision, grit, and efficiency, ensuring that your legal needs are met with discipline and attention to detail.

Business-Focused: We are dedicated to driving strategic legal outcomes that ensure tangible growth and transformation for your organization.

Specialized Expertise: Our team's deep expertise in emerging technologies like AI, blockchain, and enterprise cloud ensures that you stay ahead in a rapidly evolving digital landscape, consistent with your long-term interests.

Proactive: With our combined decades of experience in Big Law and in-house technology companies, we strive to "look around the corners" to deliver proactive solutions to mitigate risks and create favourable outcomes.

At Rikka, cybersecurity is a priority, we have implemented NIST-compliant security procedures ensuring top-level protection.
