

**Company Name:** Rikka Law PLLC

**Founder:** Charlyn Ho

**DUNS Number:** 129054769

Rikka Law is a technology transactions, data privacy and cybersecurity boutique law and consulting firm. We specialize in providing strategic and business-focused legal services, particularly in emerging technology areas such as AI, blockchain, and enterprise cloud.

Founded by Charlyn Ho, an experienced deal lawyer, and former partner at Perkins Coie LLP and U.S. Navy veteran, the firm offers expertise in technology transactions, privacy, and cybersecurity. Rikka Law's approach combines deep industry knowledge with practical solutions tailored to clients' needs.

Positioned in the heart of Washington D.C., Rikka Law is your premier partner for legal consultation, embodying a tradition of excellence and a future of innovation. Rikka Law excels at providing legal services in three primary areas: (1) technology transactions, (2) privacy and cybersecurity counseling, and (3) product launch and advisory services.

Rikka Law only staffs projects with talented and experienced lawyers, all with significant years of experience in Big Law and in-house technology companies. Rikka Law also supports clients by providing expert strategy advisory and consulting on technology, data privacy and cybersecurity to mitigate risk and seize opportunities in today's digital landscape.

## VISION

Rikka Law's Vision is to be the leading thought partner to our clients providing expert legal advice on the current and future state of technology, law, governance, and policy.

## MISSION

Rikka Law's Mission is to build legal blueprints for forward-thinking technology companies; delivering strategies that propel their innovation, market growth, and use of technology within the safeguards of the law.

## CORE VALUES

Integrity  
Commitment to Excellence  
Efficiency  
Long-Term Partnership  
Innovation  
Deep Passion for Client Success

## WHY CHOOSE US?

Our deep legal and industry expertise enables us to deliver strategic and business-focused legal solutions designed to achieve the best possible outcome for the Government.

**The Rikka Philosophy:** Inspired by "Rikka" style of "ikebana" (ancient art of Japanese flower arrangement), we leverage our mastery and skill to simplify complex legal concepts into strategic solutions that resolve roadblocks to protect and create lasting value for the Government.

**Legal Architects:** We meticulously design and execute practical legal strategies that amplify the success of the Government's policies and objectives.

**Military Efficiency:** Founded by a US Navy veteran, our firm embodies military precision, grit, and efficiency, ensuring that your legal needs are met with discipline and attention to detail.

**Business-Focused:** We are dedicated to driving strategic legal outcomes that ensure tangible growth and transformation for the Government.

**Specialized Expertise:** Our team's expertise in emerging technologies like AI, blockchain, and enterprise cloud ensures that you stay ahead in a rapidly evolving digital landscape, consistent with the Government's long-term interests.

**Proactive:** With our combined decades of experience in Big Law, in-house technology companies, and Government, we strive to "look around the corners" to deliver proactive solutions to mitigate risks.

At Rikka, cybersecurity is a priority, we have implemented NIST-compliant security procedures ensuring top-level protection.
